Subject: Letter of Authorization / Carrier Facilities Assignment

05/01/2023

This Letter of Authorization (LOA) hereby serves as authorization for the purposes of allowing Romain's Lab or its designated agents(s) to arrange for the use of the interconnection facilities listed below. Use of this LOA authorizes PacketFabric, Inc and subsidiaries to act on behalf of Romain's Lab to make changes and/or disconnect requests on this specific service as required for maintenance activities. This authority is limited to the provisions of this letter and is for the purpose of maintenance and disconnection of the specific facility assignments listed.

PF LAB 4
gce-us-central1
Google, GO 4444

As such, please use the following Channel Facility Assignment:

Panel	-
Module	-
Position	-
Type	-
Speed	1Gbps
Port Circuit ID	PF-AP-LAB4-3412688

All charges incurred for said cross connects and remote hands tickets are the sole responsibility of Romain's Lab and makes no warranties and assumes no liability for the quality of the cross-connect(s) or work performed by the facility staff.

This authorization remains in effect until otherwise notified. This letter does not preclude PacketFabric from revoking authorization at any time, if deemed necessary.

Please direct all questions regarding this matter to: Provisioning Team, dev@packetfabric.com.

Regards,

Provisioning Team
